3. Recitals from Part:

The recitals of fact and intent set forth in the foregoing and following are true and shall form an integral part of this Restrictive Covenant.

4. No Development Contrary to Development Control Restrictions:

No development shall be undertaken or continued in, upon or over any Lot nor any part thereof except that the same shall comply with and conform to the Development Control Restrictions set forth hereafter. (For the purposes of this Restrictive Covenant, the term "development" shall have ascribed to it the same meaning defined for that term in the *Municipal Government Act* - Alberta, and in any replacement statute therefore.)

The Development Control Restrictions set forth hereafter are established in addition to and not in substitution for any applicable municipal or provincial standards or regulations.

5. Description of Development Control Restrictions:

The Development Control Restrictions referred to above are as follows:

5.1 Any outbuilding or accessory building or structure of any nature or kind shall be placed nor erected upon any Lot until such time as a single family, residential dwelling house conforming to the requirements of these Development Control Restrictions has been constructed thereon. No more than one (1) single family, residential dwelling house shall be constructed on any Lot.

5.2 No development of any nature shall be undertaken upon any Lot unless and until:

a) the owner of such Lot has provided the Developer with drawings and specifications showing the proposed development and any buildings and other improvements associated therewith in sufficient detail to satisfactorily illustrate:

- completed the Architectural house plan approval form(this must be signed off by the developer prior to breaking ground)

- the size, height and design,

- the materials to be used in the construction and finishing, - the colors,

- the setbacks, access and sitting,

- the utility hook-ups and on-site water cisterns and sewage services,

- and the landscaping

of any building or buildings to be constructed;

b) the Developer has fully approved such drawings and specifications and has communicated such approval to the owner in writing; the Developer shall have the absolute discretion to approve or disapprove such drawings and specifications; and

c) the owner has deposited with the Developer the sum of Ten Thousand (\$10,000.00) DOLLARS to be held by the Developer in a separate trust account, without liability for interest, as security for the due and timely compliance by the owner with the terms of these Development Control Restrictions.

The owner is entitled to have \$5,000.00 deposit returned by the Developer once the compliance with the terms of these Developmental Control Restrictions have been met and the Developer has been supplied with a copy of a Real Property Report and evidence that a water cistern size and volume has been constructed on the Lot including Sanitary Sewer System and confirm that the proper Septic Tank, Holding tank or field have been installed. The remainder \$5,000 will be returned once the driveway to the property is hard surfaced to the satisfaction of the Developer.

5.3 Any construction commenced on a Lot following the approval process described at Article 5.2 shall:

- a) proceed strictly in accordance with the drawings and specifications approved by the Developer pursuant to Article 5.2(b), subject only to such minor modifications as the Developer may, in its sole discretion, in writing and in advance, approve; additional topsoil and clay fills required will be the sole responsibility of the lot owner, lots are sold as is, once registration is completed with the County, and
- b) Be completed, subject only to minor, seasonal deficiencies, within 18 months from the date of commencement of construction.

The Owner of the Lot shall remain liable to repair and replace any damage occasioned to the County roadways or Lot approaches running through the Affected Lands by such owner, his contractors and subcontractors in the course of construction, and construction shall be deemed to be incomplete until such repairs and replacements are made.

During construction stages complete lot including ditches and driveways will be kept clear and clean of any garbage or debris from any construction activities.

- c) All Driveways to be hard surfaced with concrete, pavement, paving stone or other approved hard surfacing by the developer within 2 years after occupancy

5.4 Single family, residential dwelling houses constructed on each Lot shall comprise a minimum, above grade floor area of no less than:

1500 square feet in the case of a bungalow;

2,000 square feet in the case of a two story home;

2,000 square feet in the case of a split-level home or a 3-level split;

1,400 square feet in the case of a bi-level home, provided that the main level shall be above grade; and

1,000 square feet on the main floor, in the case of a one-and-a-half story home, provided that the minimum overall size is not less than 2000 square feet.

5.5 (a) Single family, residential dwelling houses shall be oriented on the Lot within the allotted building pocket or at the discretion of the developer.

Single family, residential dwelling houses must be designed with a frontage width of no less than Fifty two (52) feet, inclusive of any attached garage.

Dwelling locations on Corner Lots will be treated and approved separately by the Developer as the case may be.

(b) Front and/or road side Elevation must maintain a minimum of 25% stone or brick siding approved by the developer.

(c) Roofing finishes MUST be approved by the developer, no standard "barn" style roof shingles, must be architecturally pleasing and have a life span of no less than 15 years.

5.6 (a) All accessory buildings and outbuildings shall bear an exterior finish and design which is architecturally consistent with the single family, residential dwelling approved and constructed on the Lot.

(b) Accessory Buildings (Detached Garages, Sheds & Storage Buildings) shall **not exceed a total of 1937 Square Feet provided that Parkland County has approved the discretionary use for same. Accessory buildings must be similar to The integrity post and beam shop constructed on lot 6.**

5.7 The owner of a Lot shall, concurrent with the construction of the single family, residential home on the Lot, place and install a **water cistern** of sufficient capacity and design to provide for the domestic water needs of the occupants of the single family, residential home, all to the satisfaction and standards of Parkland County.

5.8 Septic fields and mounds need to be properly evaluated, it is expected that MOUNDS will be used in lieu of septic fields.

5.9 Parkland County has required that a restrictive covenant be registered against each lot to ensure that soil evaluations be taken by the lot owner / builder at the proposed building location to determine the required foundation recommendations.

5.10 If any house, garage and building foundations require pile foundations. If required all design, and construction of such foundations will be at cost of the homeowner. Pile foundations are suggested on lots 4, 5, 6, 34, 40, 36, 42, 43

6. Prohibited Construction and Development:

The following developments and undertakings are declared prohibited on each of the Lots comprising the same, namely:

6.1 any commercial or industrial use (excluding Home Based Business Levels 1 & 2 as outlined in Parkland County Land Use Bylaw 15-00) not naturally or normally incidental, subordinate, and exclusively devoted to the principal, single family residential use of the Lot or to the single family, residential home located thereon;
